

UNDOCUMENTED STUDENT FINANCIAL WORKSHEET

FIVE QUICK STEPS to understanding your financial aid award at any college or university in California. This worksheet can be used per semester or per year. If you are considering a number of schools, we recommend filling out a worksheet for each school and compare what your financial aid award would be for each school.

- 1. Determine the cost of tuition and other expenses on your school's website by searching for "Cost of Attendance." Write down the costs estimated in the school's budget, then figure out your costs.
- 2. Review your financial aid award & write down any CA Dream Act Grants offered through your institution. Add up your grants and subtract the cost of tuition. Determine if there is any remaining balance available to cover other costs.
- 3. Write down all the scholarships you've been awarded & subtract any outstanding tuition owed, if applicable.
- 4. Identify Other Ways to Pay for College and list any money you will receive through employment, paid internships, savings or the CA Dream Loan to determine how you will cover any outstanding expenses.
- 5. Figure out how your remaining college expenses will be covered by understanding how much money is remaining to cover any outstanding costs once your tuition is paid. Create a budget. Apply for more scholarships.
